

**Information for Unvaccinated Resident Students
November 3, 2021**

Per the University's [vaccine requirement announcement](#), all students must upload proof of vaccination (if fully vaccinated), get vaccinated, or submit a request for exemption by December 6, 2021. The exemption process will open on November 8. Requests for exemptions should be submitted to the Office of Equity, Diversity, and Inclusion **at the Pittsburgh campus**.

If you do not comply, you will not be eligible to enroll in 2022 Spring term classes or live in on-campus housing as of January 1, 2022. If you enroll for Spring class prior to December 1 but fail to provide proof or obtain an exemption by the deadline, you will be disenrolled.

Please visit this webpage www.johnstown.pitt.edu/vaccine-requirement, for more information (including how to request an exemption)

If you do not intend to get the COVID-19 vaccine or request an exemption, we ask that you cancel your Spring 2022 term on-campus housing promptly (before you leave for winter recess). There are three steps to complete the housing cancellation process:

1. Complete the online housing cancellation form in the Johnstown Campus Housing & Dining Services task center on the [Pitt Portal](#).
2. Remove your belongings.
3. Return your key to one of the RAs in your building.

We appreciate your cooperation and are here to assist you. Please contact us with any questions.

Thank you.

Bob
